### **CSA Member Commitment:**

I understand that Ollin Farms depends on my financial support for its survival. In return, Ollin Farms will provide me with the best produce possible. I would like to be a member, and understand that I will share in the risk with the farm & I agree to excuse them for the seasonal mishaps that might occur. I understand that each week's produce will be different and based upon seasonal availability, insects, weather, and other factors contributing to harvest availability. I understand that I am committing to an annual membership subscription and that I will pay in advance. A seasonal share will be managed, harvested and prepared for me each week. I understand that I am committing to a year and my pre-payment fees help cover the annual costs of labor, organic compost, mineral soil amendments, seed, equipment, etc. to develop the CSA and that no refunds are available, however, I can cancel at anytime.
